## WE ARE SPECIALISTS IN LASER TREATMENTS

We are proud to be the first clinic in the South West to use the advanced Motus-AY. It is the only PAIN-FREE Hair Removal System on the market able to deliver safe, effective hair removal on all skin types using Alexandrite wavelength which is the Gold Standard in Hair Removal and is FDA approved to treat sun tanned skin.

Full Leg	£180	£450	£900

## SKIN REJUVENATION

Offers a solution for all the visible signs of ageing caused by sun damage, such as brown spots (pigmentation), redness (thread veins) and uneven skin texture, lines and wrinkles. Six treatments are recommended for best results interspersed with Microdermabrasion.

Half Face (Cheeks and Chin) .....	£80
Full Face .....	£100
Full Face and Neck .....	£130
Full Face, Neck and Décolleté .....	£150

## ACNE TREATMENTS

A laser targets overactive sebaceous glands, greatly reducing total number and severity of active lesions and lessening the inflammation and occurrence of break-outs. The light stimulates the production of new collagen to improve skin texture and can also reduce the appearance of red or brown areas of skin that are often associated with acne breakouts.

Half Face (Cheeks and Chin) .....	£80
Full Face .....	£100
Back and Shoulders .....	£170
Full Face, Back and Shoulders .....	£250

## FACIAL VEIN OR PIGMENTATION TREATMENT

Light energy is applied to the skin where it is readily absorbed by the blood vessels or high concentration of melanin found within the pigment, heating them to a point where they are destroyed. Vessels quickly clear as they are reabsorbed by the body, leaving little or no trace of the original lesion. Typically, 1 – 3 sessions at 4-6 week intervals.

Single Lesion .....	from £35
Leg Veins (20 minute session).....	£75
Leg Veins (40 minute session).....	£120

## FUNGAL NAIL TREATMENT (ONYCHOMYCOSIS)

Light is absorbed by the water in the skin underneath and around the nail creating heat. This heat helps to destroy the dermatophytes and eliminate the fungal infection. Effective with strict aftercare routine. Typically, 2 – 6 treatments at 6-8 week intervals

One foot .....	£75
Both feet .....	£95

## WART AND VERRUCA TREATMENT

The laser heats the lesion and destroys the virus and or/fungi that are sensitive to high temperatures increases. In the case of Seborrhic Keratosis, the laser beam absorbed by contained melanin. The consequent temperature increase detaches the lesion from the healthy skin. May require further treatments at 6-8 weeks intervals.

Prices from £75

## ELECTROLYSIS HAIR REMOVAL

Traditionally used to remove unwanted facial hair with long-lasting results and reduced hair growth and thickness. As the laser is unable to treat unpigmented hair this treatment is a solution with permanent results.

15 mins .....	£25
30 mins.....	£45
45 mins.....	£75

## ADVANCED ELECTROLYSIS

Able to remove milia, skin tags, warts, verrucas, thread veins, cambell de morgans, seborrhic warts, cysts. The use of a fine probe cauterising or removing with heat.

£75 per session

## MICRODERMABRASION

The Award Winning Skin Base Microdermabrasion is a safe, controlled treatment that intensely exfoliates and resurfaces the skin. It is also extremely effective at treating a number of skin problems such as acne scarring, ageing, uneven skin tone, tired/dull skin and dry/dehydrated skin.

You will see results immediately and with each subsequent treatment your skin will continue to look progressively better.

Standard Session .....	£42
Deluxe Session	
includes masks and head/shoulder massage .....	£52

## SKIN NEEDLING COLLAGEN INDUCTION THERAPY

The anti-ageing procedure involved in treatment is commonly known as Micro Skin Needling or Collagen Induction Therapy and is designed to trigger new collagen synthesis in the skin, leading to younger, brighter and healthier-looking skin with fewer wrinkles. As you move the device over your skin, numerous, ultra-fine micro-needles designed to penetrate through the epidermis create microscopic punctures on the skin's surface. By opening the skin in this way you not only dramatically increase the penetration of any topical product, increasing its efficacy, but you also create miniature perforations that stimulate the skin's healing mechanisms, increasing production of many important factors for healthy skin. This treatment is recommended as a course.

1 Treatment .....	£95
3 Treatment Bundle .....	£265
6 Treatment Bundle .....	£499
